

For coaching institutes and online educators ↘

Mock tests, marked and ranked the moment time is up.

Test series, daily practice and quizzes in your live class, on one platform your students open from a link.

Test series

Timed, scheduled and marked for you.

Daily practice

Ten questions a day, one WhatsApp link.

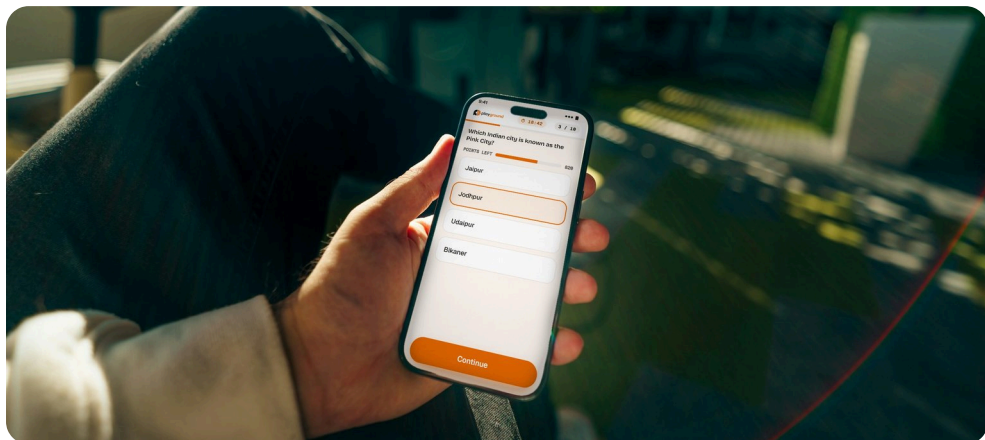

Live-class quizzes

Show the join code on the stream.

For coaching institutes ↘

Every student gets a fair paper, and a rank.

Open a test for a window, share one link, and the results arrive marked: score, rank and topic-wise marks.

A different paper each Pro

Build a bank tagged easy, medium and hard. Every student gets a mixed set.

Tab-switch checks Pro

On every scheduled test, so the answer isn't one search away.

Negative marking

$-\frac{1}{4}$, $-\frac{1}{2}$ or -1 for a wrong answer, so guessing costs.

Every batch, compared Pro

One test, a group per batch or centre. Results side by side.

2 of 10

study techniques reviewed were rated 'high utility'. Practice testing was one of them.

Dunlosky et al., 2013

For online educators ↘

Teaching live on YouTube? Put a quiz in the middle.

Show the join code on your stream. Viewers answer on their phones as they watch, and you can see who's following.

A quiz mid-class Free

Five questions after every topic, with a live leaderboard.

Polls that steer Free

Let viewers pick what's next.

Know who played Pro Plus

Names and details from every player, for follow-ups.

Granny writes it Free

Turn your notes or slides into a quiz in minutes.

19%

mind-wandering during online lectures with short quizzes, down from about 41%.

Szpunar, Khan & Schacter, PNAS, 2013
